The 13th international conference
Logic Today: Developments and Perspectives
May 31—June 2, 2018, St. Petersburg

We invite submissions on the following topics:

- history of logic
- symbolic logic
- theory of argumentation
- philosophical foundations of logic
- Byzantine logical tradition
- *special session:* "Attitude Reports and Their Semantics"

Working languages

> English, Russian

Program Committee

Ali Babaev, Institute of Mathematics and Mechanics,
Azerbaijan National Academy of Sciences
Walter Carnielli, State University of Campinas, Brazil
Elena Dragalina-Chernaya, Higher School of Economics, Russia
Irina Ivanova, Kyrgyz-Russian Slavic University, Kyrgyzstan
Edward Karavaev, St. Petersburg State University, Russia
Alexey Kislov, Ural Federal University, Russia
Iryna Khomenko, Taras Shevchenko National University of Kyiv, Ukraine
Petr Kusliy, University of Massachusetts Amherst, USA
Vladimir Markin, Lomonosov Moscow State University, Russia
Anatoliy Migunov, St. Petersburg State University, Russia
Amirouche Moktefi, Tallinn University of Technology, Estonia

Ilkka Niiniluoto, University of Helsinki, Finland

Ahti-Veikko Pietarinen, Nazarbayev University, Kazakhstan

Henry Prakken, Utrecht University, the Netherlands

Andrei Rodin, Institute of Philosophy, Russian Academy of Sciences
  & St. Petersburg State University, Russia

Vladimir Shalack, Institute of Philosophy, Russian Academy of Sciences

Viktor Tchouechov, Academy of Public Administration, Belarus

Ekaterina Vostrikova, University of Massachusetts Amherst, USA

Tomoyuki Yamada, Hokkaido University, Japan

Dmitry Zaitsev, Lomonosov Moscow State University, Russia

Organizing Committee

Yuri Chernoskutov (chair)

Elena Lisanyuk, Ivan Mikirtumov, Daniel Tiskin (secretary)

Important dates

January 10, 2018	submission via EasyChair is open
March 10	submissions due
March 31	notification of acceptance and invitations for those accepted
May 10	confirmations of acceptance due
May 31—June 2	the conference

Abstract submission and review

Abstracts are to be submitted exclusively via the EasyChair system. To make a submission, use the link: https://easychair.org/conferences/?conf=loto2018.

The submitted materials will undergo double-blind review. The organisers reserve the right to reject submissions that do not fit into the scope of the conference or the formatting requirements.

The formatting requirements are provided at p. 4. **Abstracts should be prepared for blind review.** This means that neither the abstract nor the file metadata may contain the authors' names, affiliations, or acknowledgements.

We accept abstracts in PDF format.

The accepted abstracts will be printed "as is" in the booklet to be distributed during the conference.

Registration fees

Regular fee: 1000 RUR.
Student fee: 200 RUR.

Fees are to be paid upon arrival.

Contacts

For any further questions and remarks, please contact Daniel Tiskin, the secretary of the Organizing Committee: loto2018@spbu.ru.

Or visit the conference website: http://ocs.philosophy.spbu.ru/index.php/loto2018/.

Venue and Accommodation

Conference venue: St. Petersburg State University, Institute of Philosophy
5 Mendeleevskaya liniya, St. Petersburg, Russia (Google Maps)

Unfortunately, the Organizing Committee cannot provide accommodation for the conference participants. Please note that St. Petersburg is a popular tourist attraction in May and June, so you might wish to book an accommodation in advance.

Abstract Formatting Guidelines

Introduction. This document outlines the formatting requirements for submissions to "Logic Today: Developments and Perspectives". It can be used as a template for abstract preparation. Abstracts may be prepared using either Microsoft Word (or similar) or LaTeX. The resulting file should be **in PDF format**. This document shows the formatting of the resulting PDF. Authors using Word-type text processors may ignore the section "Formatting with LaTeX" (see next page).

Abstract formatting. Please mind the following formatting requirements.

- Margins: 2.5 cm; leave an empty line before the title
- Spacing after the title and between sections: 0.5 cm. Do not insert extra space between paragraphs
- Times New Roman font, 12pt
- Single spacing
- Text alignment: justify
- Avoid footnotes and page numbering
- The abstract should be no longer than two pages, including references

Do not insert authors' names, affiliations or acknowledgements in the abstract!

Numbered formulae and examples:

$$\forall x(P(x) \rightarrow Q(x)) \tag{1}$$

Reference to a formula: (1).

References to bibliography items: [1], [2, 3].

References

[1] Quine W. V. O. Quantifiers and Propositional Attitudes. *Journal of Philosophy* 53(5), 1956, pp. 177–187.

[2] Shapiro S. *Classical Logic.* The Stanford Encyclopedia of Philosophy (Winter 2013 Edition). URL: http://plato.stanford.edu/archives/win2013/entries/logic-classical/ (accessed: 26.11.2017).

[3] Tarski A. *Logic, Semantics, Metamathematics: Papers from 1923 to 1938.* Ed. by John Corcoran. Indianopolis: Hackett, 1983.

Formatting with LaTeX. If you are preparing your abstract using LaTeX, insert the following into the preamble:

```
\documentclass[12pt,a4paper]{article}
\usepackage[margin=2.5cm]{geometry}                                    margins
\pagestyle{empty}                                            page numbering off
\usepackage{tempora}                                           Times-like font
\addto\captionsenglish{\renewcommand{\refname}{\normalsize{References}}}
```

Use \paragraph for sections. Do not use \section, \subsection, etc.
To produce a numbered formula (like (1) above; requires the amsmath package):

```
\begin{equation}
\forall x (P(x) \rightarrow Q(x))
\end{equation}
```

References to bibliography items: \cite{Quine}, \cite{Shapiro,Tarski}.
The bibliography above was obtained by entering the following code:

```
